

In the night so dark and still, I  
come with joy, I always will. A  
tooth you lost, a smile so wide,  
Under your pillow, a surprise  
inside!

Dream sweet dreams, my little  
dear, For I'm the Tooth Fairy,  
have no fear. A tiny gift, a tooth  
I'll take, And in its place, a treat  
I'll make!

With love and sparkle,  
The Tooth Fairy
